03. Districts with CJP-named discussion

Confidence: MEDIUM — district words inside strict CJP posts

8 districts are named inside strict CJP posts. Khordha/Bhubaneswar dominates. Single-count districts are weak evidence and should not be presented as 'penetration' without corroboration.

What seniors should / should not conclude

- DO cite: strict CJP post volume, School Thik Karo / Saurav Das / Abhijeet Dipke mention counts, sentiment mix, Khordha-heavy discussion.
- DO NOT cite as fact: "CJP penetrated X districts" or exact visit itineraries — those are text inferences.
- Excluded 596 posts that matched broad event keywords but did not name CJP/campaign/leaders (noise control for this brief).
- Comment-level public anger is only partially visible because comment bodies are not stored.
